| Study and examination requirements |   | <p>Students are expected to arrive at least 15 minutes before the scheduled class begins and ensure that all electronic devices are switched off during the session. In the event of absence due to illness or other valid circumstances, students are required to notify the lecturer in advance. All course assignments must be completed and submitted within the specified deadlines. In addition, students are required to participate in the examination as part of the requirements for obtaining a final course grade</p> |       |   |  |       |  |   |

Exams and assessment formats

Participants are marked based on their performance in theory: Quiz (10%), Case Study (70%), Written Examination (20%).

Students are marked based on their percentage of points obtained and based on the following grade scale:

| Percentage of Achievement | Grade | Conversion Value |
|---------------------------|-------|------------------|
| 85 – 100                  | A     | 4.00             |
| 80 - <85                  | A-    | 3.75             |
| 75 - < 80                 | B+    | 3.5              |
| 70 - < 75                 | B     | 3.0              |
